NEW HAVEN POLICE DEPARTMENT

Smart Policing
New England Regional Meeting
9/25/12

Introduction

- Purpose Area 3 For law enforcement agencies seeking to inculcate evidence-based and innovative policies, procedures, tactics, and strategies throughout their organization in creative ways that reach beyond tactical approaches in one area of the department or community.
- Goal To develop processes and procedures to sustain and support the use of evidence-based policing at all department levels and seek to utilize research to inform police leadership and improve decision making throughout the department.

Key Strategies & Initiatives

- Organizational change & institutionalization of communityoriented & evidence-based policies.
- Accomplished through:
 - Training
 - Leadership/Problem-Solving curriculum for supervisors
 - Community Partnerships
 - LE agencies
 - Block Watches
 - Youth/Church communities
 - Information Management & Dissemination
 - Standardize collection procedures
 - Disseminate throughout Department & community

- Walking Beats
 - Reinitiated in each of New Haven's 10 Districts
 - Develop relationship with community and deter crime
 - House visits
 - Measuring effectiveness through data collection and community survey

How often did you see New Haven Police officers in your neighborhood in 2011?

How often do you see New Haven Police officers in your neighborhood currently?

... I think this is

deterring crime, if

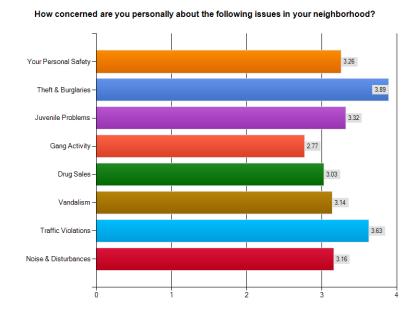

not, at least it

makes me feel

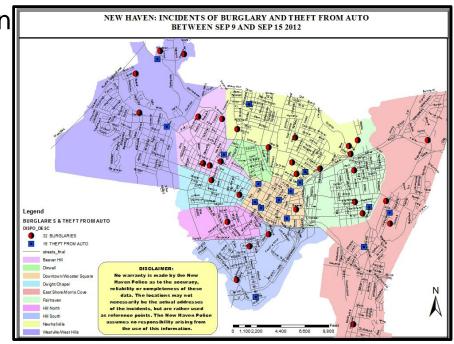

safer overall."

helpful for

- Community Survey
 - Measure community's perception of the NHPD and provide a forum for citizens to voice their opinions.
 - Preliminary Findings:
 - Burglary/Vehicle break-ins
 - Foot patrols
 - Feedback
 - ~60% satisfied with overall police service
 - Challenge Study sample.

- Increased Partnerships with Community
 - Compstat
 - Youth Cabinet
 - Yale and University of New Haven
 - Clergy Ambassador Program
 - Block Watches
 - DCF at Headquarters

- Hired a Senior Crime analyst
- Updating NHPD website

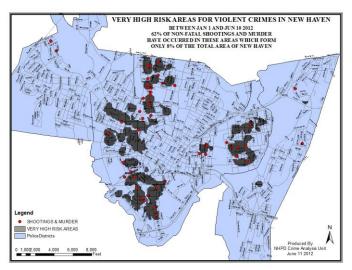

- Moving towards pilot of electronic incident reporting
- Recruit training in Compstat/problem solving

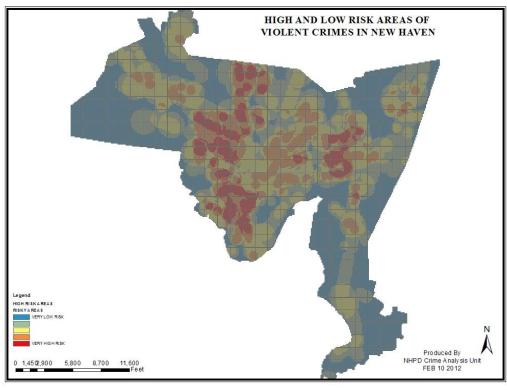

Strengths/Challenges – Crime Analysis

- Risk Terrain Modeling
- Threshold Analysis
- Compstat
- Development of I2 Robbery database
- Acquired Tableau software

Strengths/Challenges – Crime Analysis

- Risk Terrain Modeling
 - Business Infrastructure
 - Schools
 - Bus Stops
 - Prob/Parole

Strengths/Challenges - Crime Analysis

- Threshold Analysis
 - Identify Abnormally low/high crime levels on a weekly basis.
 - Provided to District Managers.

Strengths/Challenges – Crime Analysis

Tableau Dashboards

Next Steps

- Develop and deliver supervisor leadership/problem solving training curriculum.
 - How to supervise implementation of POP/SARA models
 - Pre/Post knowledge assessments
- Analysis/evaluation of walking beat data
- Continued outreach to community
 - Facebook
 - Twitter

Key Outcome Measures

- Number of supervisors trained
- Measured ability of supervisors to better perform their duties
- Number of new partnerships established
- Number of new evidence-based tools and technologies utilized
- Measured affect of new initiatives to reduce violent crime
