Clark County

Area of Responsibility

- ❖ Clark County: ~ 8,000 sq. miles
- ❖ ~2 million residents
- ❖ ~40-43 million visitors
- ❖ 15 of the worlds 25
largest hotels
- ❖ 22,027 conventions
 - ❖ 5,107,416 convention delegates
- ❖ Hoover Dam
- ❖ Creech & Nellis Air Force Bases

LVMPD

- We all are community policing organizations....
- What does that really mean in your organization and community?
- We took the approach of having each unique geographical Area Command develop in collaboration with their community partners meaningful strategies.
- It is NOT one size fits all programming.

Community Partnerships

- ❖ Defined: Collaborative partnerships between the law enforcement agency and the individuals and organizations they serve to develop solutions and increase trust in police.

Why is Community Policing & Building Communities of Trust Important?

- Our message to the community in our outreach efforts-
- We cant do it alone!
- Need the community to do two things:
 - 1-Problem Identification
 - 2-Solution Engagement

The 4 Core Principles

OUTREACH

ENGAGEMENT

EDUCATION

AWARENESS

OCE Teams

- Community Outreach Education and Redirection (**CORE**)
- Graffiti Team
- Police Athletic League (**PAL**) 6-17 years
- Explorers- ages 16-20
- Rebuilding Every City
- Around Peace (**RECAP**)
- Hispanic Outreach
- Fusion Liaison Officers (**FLO**)
- Human Trafficking Outreach and Education

CORE Team

- Community Outreach Education and Redirection
- Officers specialize in the identification, coordination and development of youth violence and gang prevention/intervention programs.
- Participate in Reentry Programs- *Hope For Prisoners* and CCDC Proactive Programs
- Conduct home visits of high ranking gang members and at risk youth to prevent retaliatory shootings and also to give an avenue out of the “gang life”.

Clark County Detention Center Proactive Programs

- The program philosophy was simple, “we treat the inmates like adults and then they act adults”.
- The program took two modules with 74 inmates each. After a successful 90 day trial period it was taken to stage two and proactive programs were introduced.

CCDC Programs for Inmates

After a 90-day trial we are offering classes

- Yoga & Meditation
- Life Skills & Parenting
- Nutrition and juicing
- Acquisition of Civil Forms
- PTSD Reintegration into Society

Yoga and Meditation

- This is by far the most popular class. Each week there are over 140 inmates that attend. They learn basic poses and then meditate for 15 plus minutes.
- Corrections Officers report a dramatic change in positive behavior and attitude after this class.

RECAP Initiative

- *Rebuilding Every City Around Peace* **RECAP** is a collaborative partnership between faith-based leaders, community partners, certified Violence Responder Volunteers and the department (RECAP)
- Leads the Season of Peace Initiative

Season of Peace Initiative

Season of Peace has five critical elements:

- Community walks
- Street side Memorial Services
- Faith sponsored “Peace meals” and organized outreach
- Cease Fire Agreements with Gang Leaders
- Coordination with law enforcement

LVMPD Top three Priorities established are:

- Reduce Homicide
- Reduce Shootings
- Build Trust and Relationships

RECAP Continued

- Mission of RECAP
 - Build cultures of trust
 - Neutralize violence by creating a culture of peace
 - Provide alternatives to promote healthy communities
 - Repair relationships between community and law enforcement

RECAP Goals

- Establish a core of volunteers for each Area Command that have roots in those communities
- Enhance outreach, prevention and intervention efforts of A/C, community- and faith-based coalitions & partnerships
- Sustain continuity of volunteers (remain constant despite changes in LVMPD assignments and transfers)

RECAP Evolution

- Currently over 150 trained volunteers who respond to violence and follow up with families of victims
- Developed training and continuing education
- Policy guidelines for the Area Commands for call outs and activations
- Trained controversial community members

RECAP Essentials

- Phase 1: Definition:
 - Faith Based & Community response initiated by Metro when a preliminary investigation of a violent event indicates the strong probability of retaliation or
 - An event is so egregious that it shocks the conscience and affects the safety and security of the community
 - Pastors and trained Violence Responders are called by Bureau Commander – each Area Command has their own group assigned
 - RECAP pastors are deployed home of victim or hospital
- Phase 2:
 - Within 72 hours of event
 - In partnership with COP, faith-based & community partners
 - Purpose: Healing and better intelligence gathering opportunities

RECAP Proactive Rallies

- Identify area hot spots for violence
- Place resources and opportunities to assist families and youth in those areas
- OCE partners with COP teams in each area command to build an event that best suits their needs.

Hispanic Outreach

- Hispanic American Resource Team (HART mission)
- Partnership with the Hispanic Chamber of Commerce to increase awareness community and build a recruitment pool of potential LVMPD candidates
- Outreach and Education with the Mexican Brotherhood
- Paybac Program (Professionals And Youth Building A Commitment)

Hispanic Citizens Academy

- The mission of the Hispanic Citizens Academy is to strengthen the partnership of the Las Vegas Metropolitan Police Department within the our Hispanic community, build confidence and expand education to our community.
- The academy was implemented in 2007 and it is 15 weeks long. The instructional classes include ID Theft and Fraud, LVMPD Communications, Human Trafficking, Traffic Laws, Sexual Assault, Domestic Violence, Gangs, and many other topics. Approximately 45 students attend this highly informative academy.

Black Lives Matter Outreach

- OCE outreaches to members of BLM to open lines of communication through a non-adversarial sit-down
- As a result, OCE is now invited to programs run by BLM, and assist in outreach to youth
- BLM advocates attended RECAP certification

“Shoot Cops”

A community member that is a advocate and t-shirt entrepreneur

- Mr. Carbajal was selling inflammatory t-shirts with Shoot Cops written on them
- The following FACEBOOK post after meeting with OCE detectives:

“So to conclude we thank LVMPD for taking the initiative to contact us for a 1 on 1 sit down about policing and for making our differences a lot more clear. After speaking with us the detectives said "before this conversation we viewed you as a radical but after speaking with you, we can now see you just want what is best for the community." We will continue to fight for injustice, prejudice and more importantly continue shooting cops.... with cameras of course

Hey guys so a couple of weeks ago we were featured on the news regarding my brand and the message we are sending.

On Monday I had a sit down conversation with 2 detectives and we settled our differences. It was mad dope because my whole perception on cops completely changed. We spoke about how domestic violence is at its highest with Latinos but we choose not to call because of fear of deportation and also about the whole snitches get stitches thing. They also let me know that they viewed me as a radical and if I didn't meet with them I would be labeled as such lol. Read more here below.

Shout to LVMPD for keeping it real and making me feel comfortable around cops for the first time!!!!

21st Century Policing

FINAL REPORT OF
THE PRESIDENT'S TASK FORCE ON
21ST CENTURY POLICING
MAY 2015

...How policing can
reduce crime and build
community trust?

Continuum of Community Interaction

Task Force Recommendation 2.1:

Law enforcement agencies should collaborate with community members to develop policies and strategies.....that aim to reduce crime by improving relationships and (increasing) community engagement and cooperation. (page 20)

Definition

Process of enabling community members to participate in policing

Key Principles

- Acceptance and inclusiveness
- Fairness and respect
- Communication
- Transparency
- Continuous

Recommendation 4.1:

Law enforcement agencies should develop and adopt policies and strategies that reinforce **the importance of community engagement in managing public safety.** (page 42)

Recommendation 4.4.2:

Law enforcement agencies should develop programs that create opportunities for **patrol officers to regularly interact with neighborhood residents, faith leaders, and business leaders.** (page 45)

Community Policing

Promotes organizational strategies that support the systematic use of *partnerships* and *problem-solving* to proactively address the immediate conditions that give rise to public safety issues such as crime, social disorder, and fear of crime

-- COPS Office

Recommendation 4.2:

Community Policing should be infused throughout the culture and organizational structure of law enforcement agencies. (page 43)

Recommendation 4.2.2:

Law enforcement agencies should evaluate their deployment practices to allow sufficient time for patrol officers to participate in problem solving and community engagement activities. (page 44)

Procedural Justice

The four principles of procedural justice:

Voice

Neutrality

Respect

Trustworthiness

Recommendation 1.1:

...Police and sheriff's departments should adopt procedural justice as the guiding principle for internal and external policies and practices to guide their interactions with the citizens they serve. (page 11)

Recommendation 4.4.1:

Because offensive or harsh language can escalate a minor situation, law enforcement agencies should underscore the importance of language used and adopt policies directing officers to speak to individuals with respect. (page 45)

Recommendation 2.11:

Law enforcement agencies should adopt policies requiring officers to identify themselves...state the reason for the stop and the reason for the search if one is conducted. (page 27)

Major Policing Approaches – All with a Collaboration Component

- Community Policing
- Problem-Oriented Policing
- Hot Spots Policing
- Focused Deterrence
- Offender-focused Policing
- Compstat Policing
- Broken Windows Policing
- Intelligence-Led Policing
- Smart Policing

- Significant crime reductions
- Community and collaboration-centered strategies in some places
- Also some public resentments

Smart Policing Examples

- Boston – Safe Street Teams
 - Community-oriented policing + problem-oriented policing
 - Micro-hot spots
 - Double digit percent reductions in street robberies, aggravated assaults
- Shawnee, Kansas – DDACTS
 - Strong community partnership
 - Double digit percent reductions in targeted crimes and crashes

Smart Policing Examples

- Kansas City – Focused Deterrence
 - Multi-sector collaboration
 - Significant reductions in homicide and gun-related aggravated assaults

Police Strategies and Race (Braga and Davis)

- Police leaders should openly discuss the circumstances that create concentrated disadvantage and criminality
- Police initiatives should focus on:
 - Prevention
 - Improvements to physical environments of communities
 - Mobilizing all government services (not just police)
 - Empowering the community
- Reorient the culture of policing toward strategies that help at-risk and vulnerable populations

Police Strategies and Race (cont.)

- Police should engage in careful and thoughtful crime analysis to avoid heavy-handed tactics, over- or under-policing
- In challenged communities, police interventions should focus on changing the underlying conditions, situations and dynamics of violence vs. “cops on dots,” directed patrols, or enforcement blitzes

“use a scalpel rather than a broad-brush” to address crime problems

Recommendation 1.6:

Law enforcement agencies should consider the potential damage to public trust when implementing crime fighting strategies. (p. 16)

Recommendation 1.6.1:

Research conducted to evaluate the effectiveness of crime fighting strategies should specifically look at the potential for collateral damage of any given strategy on community trust.... (p. 16)

Recommendation 4.1.1:

Law enforcement agencies should consider “least harm” resolutions, such as diversion programs or warnings and citations in lieu of arrest for minor infractions. (p. 43)

ACT- Assets Coming Together to Take Action

WHAT?

Testing an innovative hot spots policing program that helps patrol officers build collective efficacy- **the willingness of individual to intervene on behalf of the common good**- at high crime locations during their discretionary time, which ultimately will reduce crime while helping residents trust and better engage with each other and the police.

HOW?

ACT- Assets Coming Together to Take Action

Asset identification- identify key assets in the community

Coming together- building relationships *over 15 neighborhood meetings have been held in the last 5 months*

Taking action- taking action at hot spots

Challenges and Solutions for Obtaining Community Input

January 13, 2016 – 11:00 a.m.– 12:00 p.m.

Smart Policing in Portland

Seeking Community Input for Community-Engaged Policing

“Many believe in the conventional wisdom that equity and effectiveness are opposing propositions, and they presume there must be an unfortunate, yet necessary tradeoff between the two” – Engel & Eck (2015)

Portland's Ni-Loc Program

Community Engagement Patrols in Neighborhood Involvement Locations (Ni-Locs)

- Non-investigatory interactions
- “Meet & greets” with residents
- Business checks
- Problem solving

Our primary focus is for officers to build relationships with the community!

Chiefs
Mike Reese &
Larry O'Dea

Lessons from Ni-Loc & Other “Hot spot” Policing Studies*

- Supplemental police activity in geographically focused areas can lead to crime reduction
- Additional police activity, including Ni-Loc, does not positively or negatively impact community attitudes
 - Trust & police legitimacy
 - Evaluation of police performance
 - Opinions regarding disorder
 - Perceived safety

*Braga et al. (2012)
Weisburd et al. (2011)
Ratcliffe et al. (2015)

Ni-Loc & Hot-spot Policing Needs Community Engagement

- Identification of problems, locations and crime prevention tactics largely done by police (central administration)
 - Limited data on residents' concerns
 - Limited public awareness of, or say in new policing efforts

- Limited legitimacy (*“why are you patrolling here?”*)
- Limited buy-in from officers (*“why are you sending me there?”*)

Ni-Loc 2.0

- Solicit community input first:
 - Locations of greatest concern
 - Specific public safety problems
 - Tactics residents support
- Combine information with crime/calls for service data and feedback from street officers
- Generate **tailored public safety plan** for each “hot spot” or Ni-Loc

Community Input – King Neighborhood

- Community meetings

- Mapping
- Qualitative data

- Mail & online surveys

- Cost effective for broader input (\$0.48 per household)
- Quantitative data

Online Survey (Qualtrics)

King Neighborhood Public Safety Survey

Dear Resident/Friend of Portland's King Neighborhood,

The City of Portland, Northeast Coalition of Neighborhoods (NECN), the Portland Police Bureau (PPB), and Portland State University (PSU) have formed a partnership in order to learn more about public safety in the King neighborhood. Your opinions about what can be done to address safety concerns are important.

Please 'click' the NEXT button below to participate in a brief survey. The answers you provide to these questions will help inform the steps we take as we work together to improve safety and livability in your neighborhood.

Each adult in your residence may complete a separate survey, however children under 18 years of age may not participate. The survey will work with most internet devices. If you experience difficulty using a mobile device, please complete the survey using a desktop or laptop computer.

This survey is completely anonymous; there is no way to connect your answers to your identity. You may skip questions that you do not want to answer. At the end of the survey you will be redirected to an independent website. There you will be asked if you want to participate in follow-up surveys and/or receive additional information, such as notices of public events or meetings related to public safety.

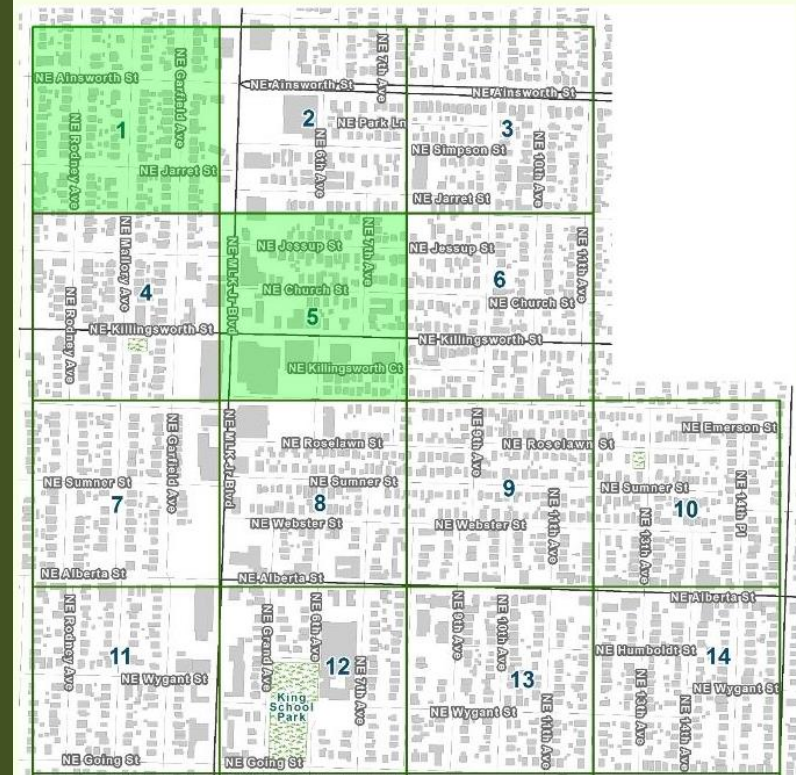

Public safety is important. We appreciate your help in making the King Neighborhood safe for everyone.

Sincerely,

Commander Chris Uehara

Please review the map below and 'click' squares (turn them to green) to identify the areas that have PUBLIC SAFETY PROBLEMS that you feel should be addressed. You are free to identify as many or as few areas as you like.

(use the scroll bar to the right to access the rest of the map and the next round of questions)

Findings

299 fully completed surveys

- 62% of respondents concerned about public safety in King School Park area
- 50% listed area in their “top 3” locations of concern
- Problems reported include: Guns (115 people), gangs (93), alcohol & drugs (63), violent crime (53), social disorder (24)
- 89% of respondents support increased use of foot patrols

Survey Challenges

- Declining response rates (King = 13%)
 - Underrepresentation of certain demographic groups (e.g., minorities, younger)
-
- Strategies to address these problems:
 - Multiple mailings (Dillman, 1978)
 - Coordination with community organizations
 - Media coverage
 - Social media (NextDoor.com)
 - “Nielsen households”

Rainier Beach: A Beautiful Safe Place for Youth (ABSPY) Project Overview

Focus: Youth crime at five “hotspots” in the Rainier Beach neighborhood of Seattle, Washington

Leadership: George Mason University-CEBCP, Seattle Youth Violence Prevention Initiative, Rainier Beach Action Coalition, Seattle Neighborhood Group

TA Partner: Community Anti-Drug Coalitions of America (CADCA)

Structure: Core Team, Community Task Force (Hotspot Teams), Intervention Team, Community Partners

Rainier Beach Neighborhood

- Diverse community
- 167 languages
- Crime risk factors
- Unemployment
- Lack of social programs
- Entrenched drug market/gang activity
- Engaged community with strong leadership

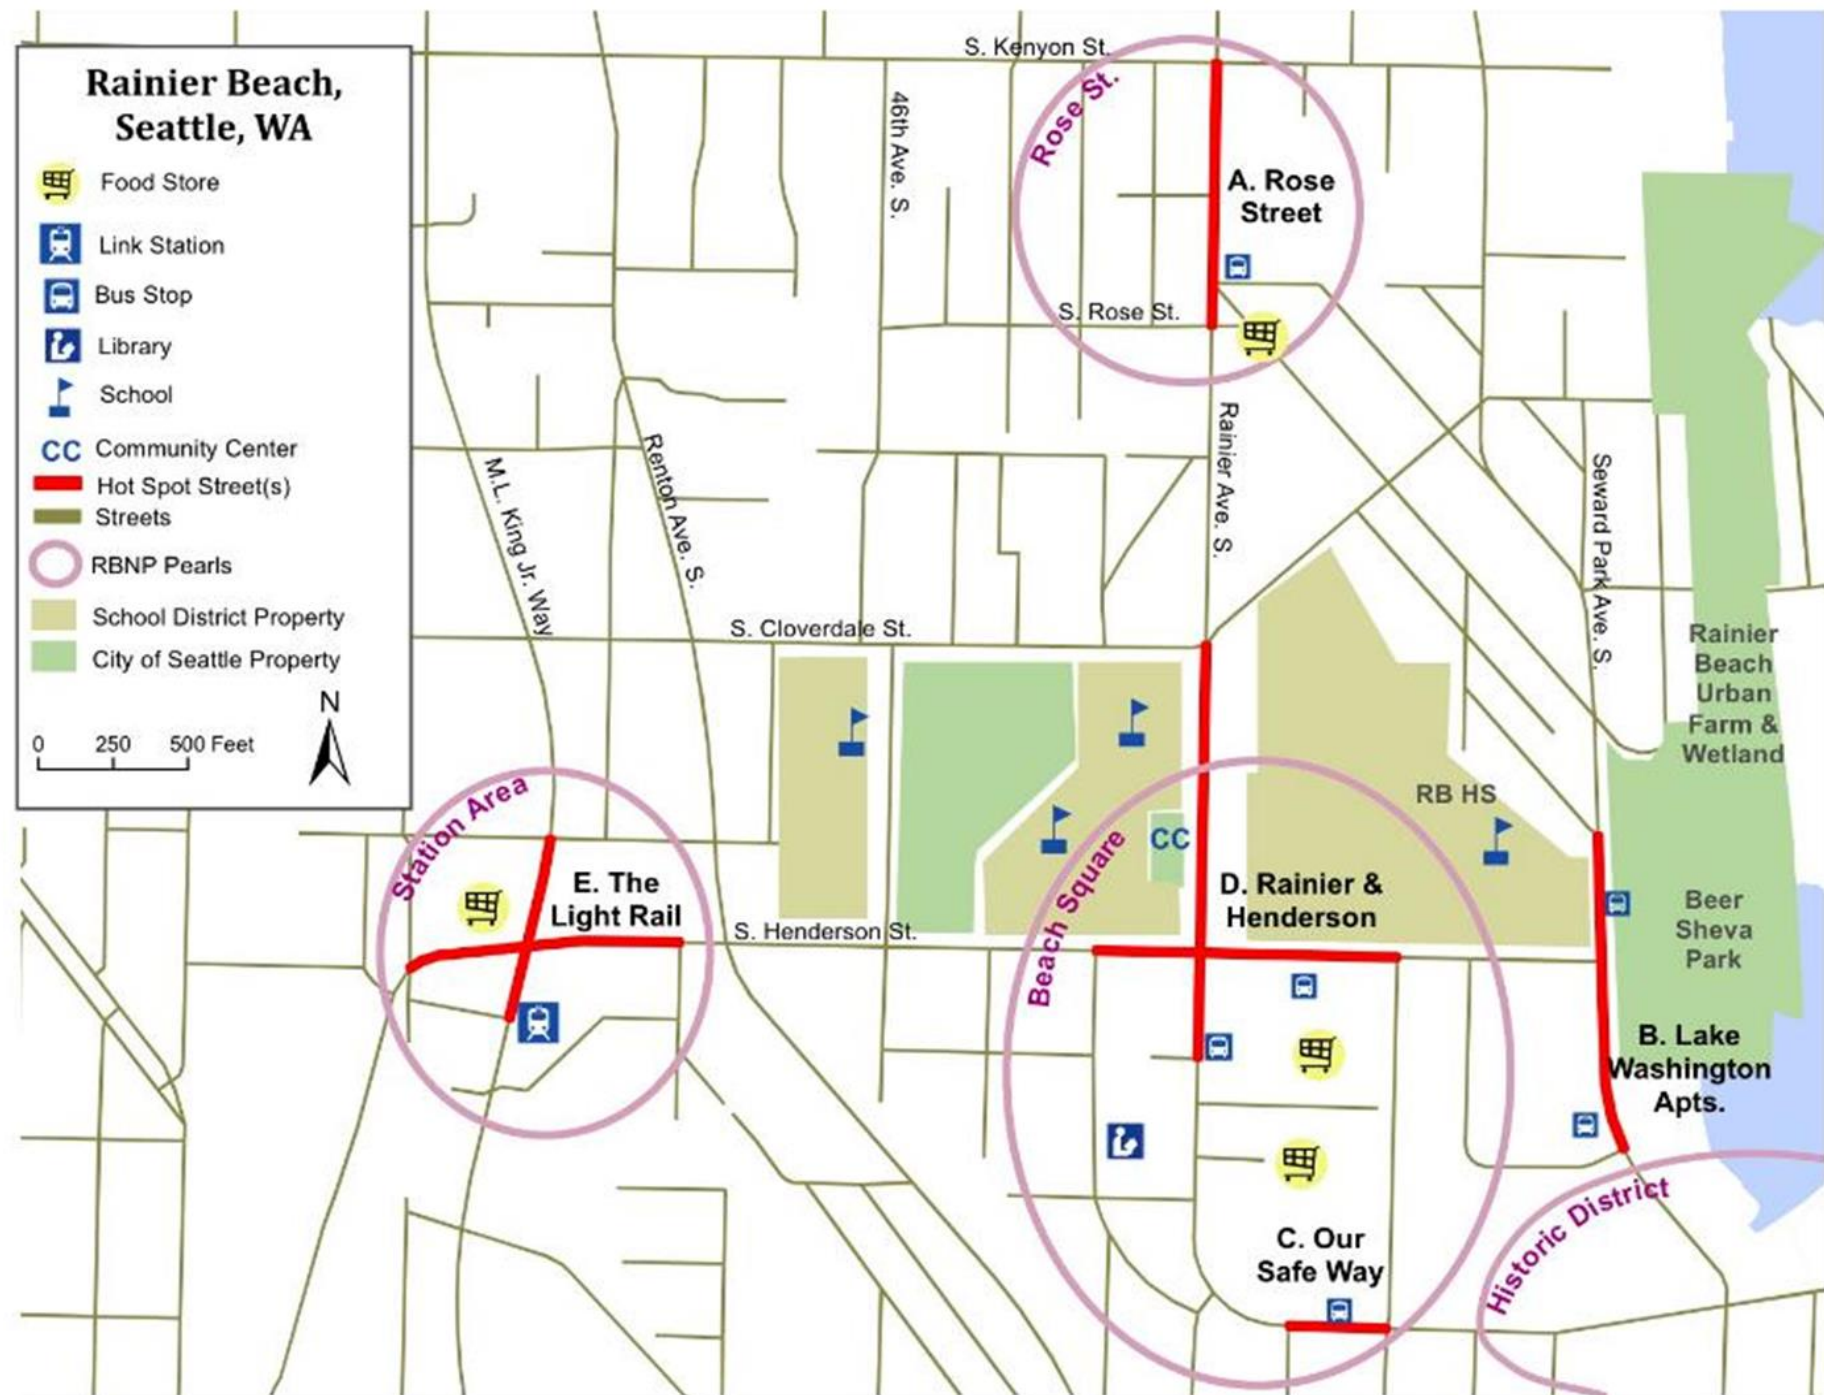

Research basis for project

- Juvenile/youth crime is highly concentrated in smaller geographic areas
- Non-arrest approach: Policing tactics not always appropriate for high-risk youth
- Community-led, informal social control key to positive youth outcomes

ABSPY Values: Authentic, Inclusive Engagement

- Place-based problem solving requires intimate knowledge of place
- Success and sustainability depends on community ownership

ABSPY Structure

Community Task Force Role

- Community-based problem solving 1-day training
- Analyzed initial crime data
- Identified need for additional data
- Analyzed new data (an on-going process)
- Identified priority crimes at each hot spot
- Identified place-based risk factors
- Identified evidence-informed interventions to reduce youth crime

A MULTI-AGENCY APPROACH TO COMBATting HOMELESSNESS: THE INDIO, CA COMMUNITY OUTREACH RESOURCE PROGRAM

Cody W. Telep

Arizona State University

January 14, 2016

Homelessness in India

24

- Homelessness a longstanding problem in India, but some evidence of recent improvements
 - ▣ 2013: 256 unsheltered (17% with a mental illness)
 - ▣ 2015: 92 unsheltered (19% with a mental illness)
- 2014 increase in disorder calls in areas where homelessness is concentrated
- Community Outreach Resource Program (CORP) is a two-pronged approach to helping reintegrate the chronic homeless and address disorder problems

CORP Components

25

□ **Client-based**

- ▣ Clients identified by social service providers or Indio PD
- ▣ Operates similarly to homelessness court
- ▣ Eligible clients must complete at least 90 days of an individualized treatment program
 - Can include education, job training, drug treatment, mental health services
- ▣ Graduating clients have fines/fees dismissed by the courts

□ **Place-based**

- ▣ Two full-time Indio PD quality of life officers target disorder hot spots minimizing use of arrest as a tool

Multiple Stakeholders

26

□ Criminal Justice

- ▣ Indio Police
- ▣ Superior Court
- ▣ District Attorney's Office
- ▣ Probation Department
- ▣ Public Defender's Office

□ County Services

- ▣ Department of Public Social Services
- ▣ Behavioral Health
- ▣ Workforce Development Center

□ Non-profits

- ▣ 4 service providers work directly with clients
- ▣ Multiple organizations working on homelessness outreach

Evaluation Plans

27

□ **Client-based**

- **Client views through entrance, exit, and follow-up interviews**
 - 40 clients have successfully completed the program
- Re-arrest/recidivism rates relative to “comparison” group
- Program completion/services utilized

□ **Place-based**

- Calls for service in areas targeted by quality of life officers relative to comparison sites

Results to Date: Quality of Life

28

On a scale of 1 to 10 how would you rate your quality of life at the following times?

Time	Entrance Interview Mean (Std. Dev.) n = 27	Exit Interview Mean (Std. Dev.) n = 24
One Year Ago	1.78 (1.95)	2.61 (1.91)
Entrance to CORP	6.19 (2.51)	4.88 (1.95)
Graduation from CORP	N/A	7.95 (1.52)
One Year from Now	8.31 (2.93)	9.07 (2.04)

Results to Date: Agency Ratings

29

On a scale of 1 to 10 how would you rate your interactions with the following agencies and groups?

Agency	Entrance Interview Mean (Std. Dev.) n = 27	Exit Interview Mean (Std. Dev.) n = 24
Indio Police Department	6.34 (3.32)	8.49 (2.88)
Public Defender's Office	7.74 (2.38)	8.99 (1.91)
Riverside Co. Probation	7.75 (2.18)	9.00 (2.37)
Service Provider	9.25 (1.32)	9.75 (.65)
CORP Overall	N/A	9.62 (.73)

Client Perspectives on CORP

30

- How (if at all) has CORP changed your life?
 - ▣ “They gave me hope and a future and cleared a large part of the wreckage of my past.”
 - ▣ “Now I can use that money [that would have gone to fines and fees] for a deposit on an apartment.”
 - ▣ “It changed my life. There is more opportunity for me to get a better job since I got my driver’s license back.”

Moving Forward

31

- Continue current efforts to assess the program with surveys/interviews, and data from police, courts, and service providers
- Secure funding for program oversight and expansion of evaluation efforts
 - ▣ In-depth client and staff interviews
 - ▣ Quality of life officer ride-alongs
- Potential expansion of CORP to other cities in Riverside Co.

Thank You

PRESIDENT OBAMA'S PLAN TO STRENGTHEN COMMUNITY POLICING

- 1 Reform the way the federal government equips local law enforcement, particularly with military-style equipment.
- 2 Invest in increasing the use of body-worn cameras and promoting proven community-policing initiatives.
- 3 Engage law enforcement and community leaders in devising new ways to reduce crime while building public trust.

How BWCs May Improve Police-Community Relationships

Benefits
Engage Community in Planning/Implementation
Increased Transparency and Legitimacy
Improved Police Officer Behavior
Improved Citizen Behavior
Expedited Resolution of Complaints and Lawsuits
Improved Evidence for Arrest and Prosecution
Police Training – better performance

Community Engagement: Pre and Post-BWC Deployment

- Were community groups introduced to the program, pre-deployment?
- Were community groups involved in the planning process?
- Did community groups have a chance to voice concerns/ask questions?
- Did community groups have an opportunity to review the agency's administrative policy? Is it publicly available now?
- Did the agency “market” the BWC program?
- Does the agency regularly communicate with citizens who are recorded?

Can BWCs Improve Behavior?

Rialto (CA) Police Department

- Citizen complaints dropped by **88%** (24 to 3)
- Use of force dropped by **60%** (61 to 25)

Mesa (AZ) Police Department

- Citizen complaints dropped **60%** among BWC officers (pre-post)
- BWC officers generated **65%** fewer citizen complaints than non-BWC officers
- Use of force dropped by **75%** among BWC officers

Can BWCs Improve Behavior?

	2009 - Not in use	2010 - Just under 200	2011 - Just over 300	2012* - Just under 400	2013 - Just under 500	2014 - Just over 650
Use of Force Incidents	2,179	1,946	1,491	1,246	836	610
Complaints	2,267	1,748	1,447	2,593	1,531	1,053

Concerns for BWCs and Improved Police-Community Relationships

Concerns
Citizens' Privacy
Notification of Recording
FOIA and Access to Video

National Body-Worn Camera Toolkit

This toolkit is a comprehensive clearinghouse for criminal justice practitioners interested in planning and implementing a body-worn camera program in an effort to strengthen community trust and confidence in the justice system and improve officer and community safety.

[Implementation Guidance](#)

- Body-worn camera (BWC) programs can support law enforcement strategies to improve public safety, reduce crime, and strengthen relationships between police and the community.
- Comprehensive BWC programs are guided by policies that effectively incorporate research, promising practices, community input, and vital implementation considerations.
- This toolkit consolidates and translates the developing body of knowledge on BWCs for law enforcement, criminal justice professionals, advocacy organizations, and community members.
- **Why should you trust this toolkit?** The materials in this toolkit were compiled from a broad group of interdisciplinary experts and practitioners that represent the full range of criminal justice system, advocacy, and community organizations.

What policies, protocols, and practices should I consider?

What does this New Era look like?

Community Policing and Collaborative Problem Solving

Community Policing & Collaborative Problem Solving

- **Partnerships:** Information sharing through automated alerts and crime maps
- **Problem Solving:** Online opportunities for cooperation and collaboration
- **Organizational Transformation:** Embracing technology-driven community collaboration agency-wide

Community Policing & Collaborative Problem Solving

Technology can:

- **Increase community access** to law enforcement information and services to the community. It can facilitate police-community dialogue and enhance transparency
- **Reduce barriers** to information sharing within and among law enforcement agencies across regions and across disciplines.
- **Enhance problem-solving efforts** through the collection of timely and accurate data fed through robust information systems.

The image shows the homepage of the EveryBlock Chicago website. At the top right, there is a "Sign up / Log in" link. The main header features the "EveryBlock" logo (a green grid icon) and "Chicago" in green text, with a green map of Chicago in between. Below the header is a search bar with the placeholder text "e.g., 1000 W. Addison, 60615, Humboldt Park" and a "Search" button. The background of the page features a dark silhouette of a city skyline. In the foreground, there are several 3D-style icons: a yellow flag with a grid pattern, a newspaper with "EXTRA! EXTRA!" written on it, a trash can being thrown by a hand, and a blue starburst with a "#1" inside. Below these icons is a section titled "HOW IT WORKS" in a vertical orange banner. This section is divided into four columns, each with a title and a brief description:
